

Double chain stitch, feed-off-the-arm machine

# SQ7803DG-PHB-AP/CS4/DD/PT

3 needle, double chain stitch, feed-off-the-arm machine, with newly designed belt puller for extra heavy duty denim etc.

Lap seam sewing.

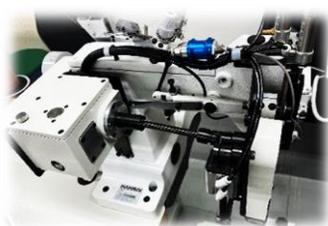

● **Oil filtering system**  
"Automatic lubrication mechanism" and clean oil circulation with a filter for long durability. High-speed rotation (5000rpm) is also possible.

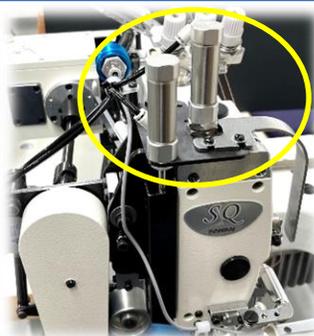

● **New needle guard and single-feed dog**

The new design of the single-feed dog and needle guard, as an alone type eliminates the need to adjust the needle guard each time the stitch length changed, greatly reducing maintenance work at the factory.

● **Original belt puler system!**

Newly developed original puller system realizes more powerful fabric feeding. Cross seam portion on heavy materials, can be finished smoothly and beautifully.

● **Pneumatic presser foot lifter**

Presser-foot and pulley are lifted up with less power of treading

Model Name	Application	Material	Needle	No. of threads	Needle gauge	Needle bar stroke	Stitch length	Diff.Feed ratio	Presser foot lift	Maximum Speed
