

FBX1110P

FBX series is a cylinder bed, 2-6 needle double chain stitch machine with needle feed. It is designed for sewing waistbands of medium heavy to heavy material such as jeans and working pants. As needle feed and lower feed are linked, both feeding amounts can be adjusted at the same time by push button operation. An additional rear puller is available as option. On this special subclass we are offering 1/8 (3.2 mm) gauge on both sides

Features
