

SQ7702FB-P/DD

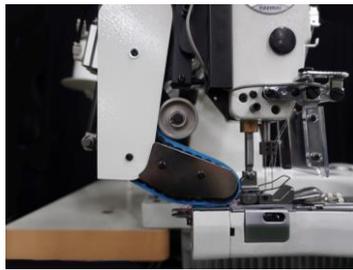

Feed-off-the-arm machine for lap seaming

SQ7702FB-P is two needle, double chainstitch, feed-off-the-arm machine with differential feeding system and our original belt puller.

This model is suitable for lap seaming or side seam for light to medium material such as shirts.

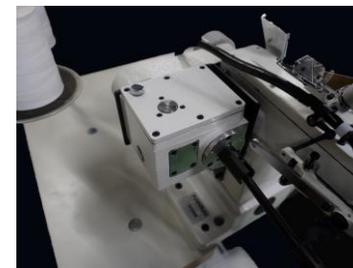

Original belt puller system

Newly developed original puller system realizes more powerful fabric feeding. Seam portion on the materials can cross stably and beautifully. The feed amount can also be adjusted easily.

User-friendly devices and options

Presser foot accessories are included in the box.

The feed amount of the puller can be easily changed by push button.
